Invitation to participate

Dear relatives of former Neuengamme Concentration Camp prisoners, thank you for your interest in creating a poster about your persecuted family member for the "Space to Remember, Connect and Support".

You can find information about this ever-growing memorial and a presentation of posters that have already been created at: <https://ort-der-verbundenheit.org/>.

Design the poster according to your wishes and ideas with texts, drawings and photos. Perhaps you would like to include biographical details of your relative, very personal memories or stories of your family about the time during and after the persecution on your poster. What is important to you?

Designing by hand

Use a white A4 sheet of paper in portrait format for the design of your motif. You can write by hand or with the computer and glue on illustrations. When writing or drawing, please use a thick pen with a dark colour, e.g. a sharpie with a 2 to 3mm tip. Please do not use pencils or crayons. Each line of your text should be at least one centimetre in size. Feel free to experiment a little with how you want to arrange the elements on your poster. Give yourself time. What do you like best? Then glue everything down. Send us your finished motif in a large, sturdy envelope to our address:

Ort der Verbundenheit
c/o KZ-Gedenkstätte Neuengamme
Jean-Dolidier-Weg 75
D-21039 Hamburg

Designing with a computer

Use a computer programme of your choice (e.g. Word, Paint) to design your motif. Open an A4 file in portrait format. Choose a legible font for your texts and set a minimum font size of 16. Design your poster with text and digital or scanned drawings, graphics or photos. Feel free to experiment with how you want to arrange the elements on your poster. Take your time. What do you like best? Please send us the finished file in PDF format to our e-mail address:

info@ort-der-verbundenheit.org

If you have included photos, please also attach them in JPEG format to the e-mail.

Text

Please only write short texts that are a maximum of 150 words long in total – preferably in your native language. For handwritten texts, one line should be at least one centimetre in size. For good legibility, you should use a relatively thick, dark pen for writing. Please do not use pencils or crayons. If you work digitally, you should choose at least font size 16 for your texts.

Images

For photos and illustrations, the shorter side length should be at least 10 cm long. Group photos should be larger than portraits. Photos are screened for the printing block and only come out well if they are shown large. Pictures with clear contrasts are particularly suitable. Please refrain from using small photos. Please limit yourself to 1 to 2 illustrations.

Colours

Please work only with black and white colours. The black elements will be printed in colour later.
